

SATISH KUMAR JAISWAL

Lead Instrumentation & Control Engineer | Commissioning & Pre-Commissioning Specialist

15+ Years | Oil & Gas | Petrochemical | Green Hydrogen | Refinery | DCS/ICSS/SIS Validation | Saudi Aramco | ADNOC | Bechtel | Air Products | NEOM | Zero LTI

+966 554803735 | jaissatish@gmail.com | linkedin.com/in/jaissatish | Dubai, Tabuk, Saudi Arabia

Indian National | Passport Y5072782 | Transferable Iqama | Immediate Availability | No Notice Period

PROFESSIONAL PROFILE

- 50,000+ loop checks completed ahead of schedule with 99.2% first-pass accuracy at the USD 8.4B NEOM Green Hydrogen Complex — world's largest green H2 facility (Air Products / CCC)
- 67,000+ cumulative loop checks across 8+ mega-projects in 4 countries (Saudi Arabia, UAE, Vietnam, India) — oil & gas, petrochemical, alumina, and green hydrogen sectors
- Supervised teams of 30+ engineers and 80+ technicians with Zero Lost Time Incidents (LTI) across 15+ years — safety-first leadership culture
- Deep expertise across full commissioning lifecycle: Pre-Commissioning, Loop Testing, DCS/SIS/SCADA Validation, Dry/Wet Testing, FAT/SAT, Cause & Effect Verification, ITR/ICAPS Sign-Off
- Hands-on with Siemens S7, Honeywell TPS/Experion PKS, Foxboro, Yokogawa CENTUM VP — ESD/SIS: Triconex TS3000, Honeywell Safety Builder, FSC — PLC: Allen Bradley, Siemens
- Worked under 5+ client standards (Saudi Aramco SAES/SAEP, ADNOC, Bechtel, Shell DEP, QatarEnergy) across greenfield and brownfield EPC projects

CAREER SNAPSHOT

2024 – Present	Instrument Pre-Commissioning Engineer	CCC — Air Products NEOM Green Hydrogen (KSA)
2022 – 2024	Assistant Superintendent — Utility Maintenance	PEC Ltd — NSRP Refinery (Vietnam)
2020 – 2022	Senior Instrument Engineer	PEC Ltd — NSRP Refinery (Vietnam)
2018 – 2020	Instrumentation & Control Engineer	PEC Ltd — NSRP Refinery (Vietnam)
2018	I&C Pre-Commissioning Engineer	Bechtel National Inc. — Al Taweelah Alumina (UAE)
2016 – 2018	I&C Commissioning & Maintenance Engineer	JGCS (JV) — NSRP Refinery (Vietnam)
2014 – 2016	Instrument Commissioning Engineer	Hyundai Engineering — ADNOC/TAKREER (UAE)
2012 – 2014	Instrument & Control Engineer	Sulzer Ltd — Refinery & Power (India)
2011 – 2012	Instrumentation Engineer	UB Engineering Ltd — Industrial Projects (India)

CORE COMPETENCIES

Instrumentation Commissioning & Pre-Commissioning · Loop Testing (67,000+) · Dry/Wet Testing · DCS Validation · ICSS Integration · SIS/ESD/F&G/BMS Commissioning · SCADA Validation · FAT/SAT Witnessing · Cause & Effect Verification · Control Philosophy Review · Fail-Safe Logic Verification · HAZOP Participation & SIL Verification · PLC Systems (Allen Bradley, Siemens) · ITR/ICAPS Sign-Off · Functional Testing · Team Leadership (30+ Engineers) · Vendor/OEM Coordination · Greenfield & Brownfield Project Delivery · Pre-Startup Safety Review (PSSR) · System Handover & Punch List Clearance · Mechanical Completion

TECHNICAL SKILLS

Control Systems (DCS)	Siemens S7, Honeywell TPS & Experion PKS, Foxboro, Yokogawa CENTUM VP — full DCS validation & commissioning
Safety Systems (ESD/SIS)	Triconex TS3000, Honeywell Safety Builder, FSC, Fire & Gas (FGS), BMS, HIPS — SIL/IEC 61511 compliance
Automation & ICSS	PLC (Allen Bradley, Siemens), SCADA validation, ICSS integration, HMI configuration, SILbus integration
Commissioning Lifecycle	Pre-commissioning, dry & wet testing, loop testing, FAT/SAT, functional testing, ITR/ICAPS sign-off, PSSR, system handover
Field Instruments	HART/Fieldbus smart transmitters, control valves, solenoid valves, valve positioners, PRVs, analysers, vibration monitoring
Functional Safety	HAZOP participation, SIL/LOPA assessment, IEC 61511, IEC 61508, safety lifecycle management

Software & Tools	SmartPlant Instrumentation (SPI/INtools), ICAPS, Emerson AMS, SAP PM, CMMS, MS Office Suite
Documentation	Instrument Index, I/O lists, data sheets, loop diagrams, hook-up drawings, P&ID review, C&E matrices, control narratives
Standards & Codes	Saudi Aramco SAES/SAEP, ADNOC (SAES, SAEP, GI 2.710, GI 2.170), Bechtel specs, Shell DEP, API, IEC, ISA, NEMA

PROFESSIONAL EXPERIENCE

Instrument Pre-Commissioning Engineer

Jul 2024 – Present

CCC — Air Products · NEOM Green Hydrogen Complex (NGHC) — USD 8.4B · World's Largest Green H2 Facility · Duba, Tabuk, Saudi Arabia

- **Completed 50,000+ instrumentation loop checks ahead of schedule** with **99.2% first-pass accuracy** — one of the largest single-project pre-commissioning scopes in the Middle East
- Executed DCS/SIS validation of **Siemens S7**, ESD, F&G, SCADA, metering, and telecom systems across all NGHC process trains — full greenfield commissioning
- Led fail-safe logic verification, cause & effect matrix sign-off, and control philosophy validation for all safety-critical systems
- Coordinated FAT/SAT with OEM vendors; managed ITR/ICAPS sign-off, punch-list close-out, and mechanical completion handover packages
- Supervised **12+ engineers and 90+ technicians**; coordinated with EPC contractors and Air Products client team; achieved **100% system handover milestones on time**

Assistant Superintendent — Utility Maintenance

Dec 2022 – Feb 2024

PEC Ltd · Nghi Son Refinery & Petrochemical Complex — 200,000 BPD · Asia's Largest Single-Train Refinery · Vietnam

- **Promoted to lead full utility commissioning:** Gas Turbine Generators, Steam Turbine Generators, boilers, water treatment, and all I&C systems
- Executed DCS validation and SCADA commissioning using **Honeywell Experion PKS** across **8,000+ utility instrumentation points**
- Supervised **30+ instrument engineers and technicians** with **zero safety incidents**; built safety-first maintenance culture
- Managed F&G integrity testing, SIS commissioning, PLC interlock validation, and control philosophy implementation for all utility protection systems

Senior Instrument Engineer

Dec 2020 – Nov 2022

PEC Ltd · Nghi Son Refinery & Petrochemical Complex · Vietnam

- Completed **12,000+ loop tests** across DCS (Honeywell Experion PKS), SIS (Honeywell Safety Builder — ESD, F&G, HIPS), and SCADA systems
- Led **Root Cause Analysis (RCA)** on recurring failures; implemented corrections reducing unplanned downtime by **~25%**
- Optimised maintenance for **3,000+ instruments** (HART/Fieldbus transmitters, control valves, analysers); supervised **20+ engineers**
- Authored standardised maintenance procedures and MOC plans; accelerated project schedule by **2+ weeks**

Instrumentation & Control Engineer

Dec 2018 – Nov 2020

PEC Ltd · Nghi Son Refinery & Petrochemical Complex · Vietnam

- **Completed 5,000+ loop checks** on DCS and SCADA with high first-pass accuracy across major refinery process units
- Validated HART/Fieldbus communication; verified control logic, interlock philosophies, and fail-safe logic for rotating equipment
- Prepared loop diagrams, data sheets, Instrument Index, I/O lists; reviewed P&IDs and hook-up drawings for system integration

I&C Pre-Commissioning Engineer

Jun 2018 – Nov 2018

Bechtel National Inc. · Al Taweelah Alumina Refinery — Largest in Middle East · ADNOC Standards · Abu Dhabi, UAE

- Executed loop testing, calibration, and functional logic tests across DCS (Honeywell Experion PKS), SCADA, and automation systems to **ADNOC and Bechtel standards**
- Managed **SILbus control system integration**; developed cause & effect matrices for safety-critical interlocks
- Coordinated FAT/SAT with international vendors; completed ITR/ICAPS sign-off documentation

I&C Commissioning & Maintenance Engineer

Jul 2016 – Jun 2018

JGCS (JV) · NSRP Refinery — CDU, Polypropylene & Hydrogen Production Units · Plant Startup · Vietnam

- Led I&C commissioning and plant startup — integrated SCADA, **Allen Bradley PLC**, and SIS for plant-wide process safety
- Developed **ESD logic and interlock strategies**; performed fail-safe logic verification for all safety-critical systems
- Commissioned DP flow meters, level sensors, pressure transmitters, and control valves across all process units

Instrument Commissioning Engineer

Aug 2014 – Jun 2016

Hyundai Engineering · ADNOC/TAKREER · TAKREER Base Oil Unit · Direct ADNOC Project Delivery · Abu Dhabi, UAE

- Conducted pre-commissioning, loop checks, and functional testing of **DCS (Foxboro), ESD (Triconex), BMS, and SCADA** to ADNOC standards
- Implemented BMS strategies and cause & effect matrix development for all safety interlocks
- Managed vendor coordination against ADNOC engineering standards (SAES, SAEP, GI 2.710, GI 2.170)

Instrument & Control Engineer

Jul 2012 – Jul 2014

Sulzer Ltd · Industrial Refinery & Power Generation Projects · Pune, India

- Executed DCS/SCADA checkout, loop checking, and functional testing for refinery and power generation upgrade projects
- Performed calibration, dry testing, and field instrument commissioning of transmitters, control valves, and ESD/F&G systems

Instrumentation Engineer

Aug 2011 – May 2012

UB Engineering Limited · Industrial & Manufacturing Projects · India

- Supported instrument installation, calibration, loop checking, and DCS/SCADA commissioning on industrial projects
- Built foundational expertise in instrumentation commissioning methodology

KEY ACHIEVEMENTS

- ✓ **50,000+ loop checks** ahead of schedule, 99.2% accuracy — NEOM NGHC, USD 8.4B green hydrogen facility
- ✓ **5+ years** on Asia's largest single-train refinery (200,000 BPD) — NSRP Vietnam
- ✓ **Direct ADNOC delivery** — 2 major Abu Dhabi facilities (TAKREER, Al Taweelah)
- ✓ **Zero LTI** across 15+ years supervising teams of 30+ engineers
- ✓ **67,000+ total loop checks** — 8+ mega-projects, 4 countries
- ✓ **~25% downtime reduction** through RCA at NSRP Refinery
- ✓ **100% system handover** milestones achieved on time at NEOM

EDUCATION

Bachelor of Technology (B.Tech) — Electronics & Communication Engineering

2012

Uttar Pradesh Technical University (UPTU), India

CERTIFICATIONS

- Industrial Automation & Instrumentation Engineering — 2012
- Functional Safety SIS Awareness — TÜV/Industry Standard
- HAZOP Study Participation — Certified 2019

ADDITIONAL INFORMATION

- **Languages:** English (Fluent) · Hindi (Native) · Open to Arabic Gulf environment
- **Location:** Duba, Tabuk, Saudi Arabia — willing to relocate across GCC
- **Visa Status:** Transferable Iqama · Immediate · No notice period
- **Passport:** Y5072782 (Valid) · NOC Obtainable
- **Eligible for:** Saudi Arabia, UAE, Qatar, Kuwait, Oman, Bahrain — any GCC country
